RE : HIV&ME -TEACHER WORKSHOP

The Life Orientation and Natural Science educators would like to take this opportunity to thank you for the so educational and capacity building workshop you conducted at school.

The workshop was not only educational but it has also built the confidence of the educators enabling them to deal easily with issues concerning HIV & AIDS. The workshop was not only beneficial to educators but also to the vast majority of our learners. Together with their educators, the learners enjoyed the workshop.

It is, however, unfortunate that the workshop was conducted for a short period, we so wished that it could be prolonged. The friendship that has developed between the educators and the facilitator cannot be underestimated. Your facilitator is such a wonderful person to work with.

We hope that this was not the last workshop but more are to come.

We say thank you.

Yours in Education :S.P.Cele (L.O.HOD)M.Jako (N.Sc.HOD),Mrs Mtandeki,  
Ms Qoko and Mrs Mkaza.
