RE : HIV & ME TEACHER TRAINING

The Educators of the above mentioned school would like to thank HIV & Me for the opportunity given to them to attend the workshop.

The workshop has been of great benefit to both the educators and learners. The educator guide is very is to use and the learners activities are interesting. The workshop itself was well presented.

The training received will have long term results as the educators are now well informed and are more confident to deliver HIV & AIDS lessons, thus helping the learners to make informed choices in life.

We are looking forward to working with you in future for further training and implementation.

Thank you,

Yours truly,

Educators : Ms. Futshane HOD Life Orientation , Ms Gxakwe HOD Natural Science
Ms. Jodwana, Mr. Ngqola, Mr. Letele
