TO: HIV & ME

FROM: EDUCATORS SINAKO HIGH SCHOOL

SUBJECT: HIV & ME TEACHER TRAINING WORKSHOP

The Educators at Sinako High School would like to thank HIV & ME for giving them the opportunity to attend the teacher training workshop.

We feel that the workshop was beneficial in learning the right language to use when teaching grade 8's on HIV & AIDS issues. The educator guide is user friendly and the facilitator was very clear in his presentation.

The workshop was conducted well and we hope more workshops of that nature would be organised again. The time should be increased as well instead of rushing through. The programme should be open to every educator and learner because the disease affects everyone.

The workshop was an eye opener especially for someone who does not have information on HIV & AIDS.

We look forward to work with you in future and to also implement the programme.

Regards

**Educators: Ms Sobetwa HOD: - Life Orientation. Ms Tyalimpi: - Life Sciences.
Mrs Masiko HOD:-Life Sciences. Mr Ponya: - Life Orientation.**

A handwritten signature in black ink, appearing to read 'Sobetwa'.
