TESTIMONIAL FOR HIV & ME TEACHER TRAINING PROGRAMME

This serves to confirm that the HIV & ME training was conducted at Philget Mzazi Junior Secondary School on the 4th of March 2009.

The school would like to express its gratitude to HIV & ME for giving us the opportunity to have such a workshop since it contributed to the development of our educators when it comes to teaching HIV/AIDS material. We believe it has also contributed in enriching the communities with knowledge since the students and the educators will carry the word further.

We would also want to thank the facilitator for the effort he have gave to the programme and a basic gift of corn chips for the students. We wish he could do more for the school.

As an institution we would like to maintain this relationship and keep on sharing any new developments, information and keep on supporting the programme by revisiting the school on a frequent basis.

As a school from a highly disadvantaged community we really appreciate this.

Thank you.

Mr G.S Mateta
