**THE NATIONAL COORDINATOR,  
C/O THE MINISTER OF ENVIRONMENT  
AND PROTECTION OF NATURE.**

**TO: THE REPRESENTATIVE PLAN  
INTERNATIONAL.**

**Subject:** request for support in holiday activities  
Geared towards children's environmental  
Education and sensitization August 2008.

Sir,

I have the honour to present to you and request for support and collaboration, in a series of programmed holiday activities by (LANEC) a non governmental organisation for children aged 8 to 16, the said group has been initiating and participating in the different activities organised by MINEP, and related partners, in the environment sector since 2004 the year of its creation.

The programme started in June with more than 50 children grouped up under the different domains in the environment sector such as, water and the environment, pollution, biodiversity, desertification, climate change, ozone layer, etc. and we have had a series of eco- arts and painting training sessions at the "jardin bois de Sainte anastasié".

LANEC has equally taken part in the conception and production of some posters, greeting cards, and stickers, for the International children's Conference on the Environment that took place in Norway in June 2008, and the other delegates from different participating countries greatly appreciated their work, most recently one of us in the person of **Foba Akom** 12yrs old and the only candidate selected from Cameroon, won an Eastern African Regional prize on a painting presented during the Youth Water Competition, organised by Global Water Partnership in conjunction with GTZ Cooperation among River Basin Organisations.

LANEC in a bid to continue with the sensitization and education endeavours in this science, have had a series of training sessions, to finalise this phase of eco- arts exercise, which is intended to get the realities about the natural water sites in Cameroon, we therefore will be organising a trip with about 50 children to Kribi, this will be guided by the divisional delegate for the Environment Ocean, thereafter posters, 2009 calendars and seasonal greeting cards, will be produced from the best paintings of the children.

It is in this light that LANEK is requesting for support and collaboration in the realisation of this programme, we count on your continuous support.

**Attached:**

- \*Publication of results of winner Youth Water Competition.
- \* Activities and costing.
- \* Samples of cards and stickers produced by some LANEK members.

The Project officer  
Kintashe Jokwi Divine

The National Coordinator  
Natang Priscilla Song
